**LEADER OF THE COUNCIL'S UPDATE**

The Leader of the Opposition, Councillor Phil Bibby, asked the following question:

“The current compliance rules and guidelines for mould in rented properties were being tightened. Is Stevenage Borough Council up to speed with the requirements and could confirm that any inspections due in this regard would be satisfactory?”

The Leader of the Council advised that she had received a detailed letter from the Department of Levelling Up, Housing and Communities which had been reviewed and that the Council had looked very closely at the Coroner’s report following the tragic incident in Rochdale. The Community Select Committee had been tasked to review the letter to consider if there were any lessons to be learned. It was a complex issue and a lot of work had been done in Stevenage but there was more to be done. Particularly in New Towns most properties had been built at the same time and repairs were needed at the same time. Members would be kept informed throughout the process.

The Council then received updates from relevant Executive Portfolio Holders on the following matters:

- Small Business Saturday;
- Garages Digital Letting;

	<ul style="list-style-type: none"> <li>• Operational Efficiency Award;</li> <li>• Community Tree Planting;</li> <li>• Warm Spaces Initiative;</li> <li>• Co-operative Councils;</li> <li>• Stirling Close Visit;</li> <li>• Aids and Adaptations Awards.</li> </ul>	
11	<b>UPDATE FROM SCRUTINY CHAIRS</b>	
	<p>The Chair of the Overview &amp; Scrutiny Committee advised that the Committee had met twice since the last Council meeting, looking in depth at the Cost of Living crisis including the financial position of the Council.</p> <p>The Chair of the Community Select Committee stated that the Committee was continuing its work on Housing Voids and had received detailed answers from the Portfolio Holder for Housing and Housing Development in response to questions on this subject . A presentation had also been received from the Housing Operations Manager.</p> <p>The Vice-Chair of the Environment &amp; Economy Select Committee, in the absence of the Chair, advised that a meeting would be held later this week to consider the Council's aim to achieve net zero. The meeting had also included a discussion with the Youth Council.</p>	
12	<b>NOTICE OF MOTIONS</b>	

### Government Use of Hotels as Hostels

Councillor Sharon Taylor moved and Councillor Sandra Barr seconded the following motion:

We are proud of our town, how we support one another in our community, and support those who are vulnerable and in need. We have played our part in welcoming and supporting refugees from Syria, Afghanistan and Ukraine in recent years, but the current actions of the Home Office, placing large numbers of asylum seekers in a Stevenage hotel against the advice of all local partners is unacceptable. It puts extraordinary pressures on local resources and is a completely unsuitable location for vulnerable individuals leading to real humanitarian issues.

We recognise that there is a national challenge for the Home Office, which all parts of our country need to tackle alongside international partners. But having failed to deal with this issue for 12 years, it is absolutely vital that Government recognise they must work together with local partners and communities rather than against local advice and often with little or no notice to the areas concerned.

We have made clear to the Home Office that using the Novotel as accommodation to temporarily house asylum seekers is not appropriate and that we could not support this location being used. It is isolated and with poor transport links, impacts on our local economy by losing space for business visitors, impacts on the events and activities in Knebworth House and Gardens, has disrupted local peoples wedding & event plans in addition to creating great pressure on public services.

Local services, from the hospital to healthcare, to Council and police services are already under great strain. Having a large-scale facility brought into use in Stevenage in short order makes these challenges even more difficult for our community.

Along with all Councils in Hertfordshire, we have written to the Minister given our deep concerns over the lack of consultation on the Home Office use of hotels across the county, choice of highly unsuitable sites, and pressures on vital services and our communities. We have asked for an urgent meeting with the Home Secretary to make the strength of local views absolutely clear. Locally we have requested that the Home Secretary or her representative visit the Novotel with us to see how unsuitable it is to be used for this purpose.

That this Council calls upon the government to:

1. Carry out an urgent review of the policy of using hotels to accommodate asylum seekers and refugees
2. Introduce a formal process of consultation with local partners on the suitability or unsuitability of accommodation which is being considered locally by the Home Office contractors
3. Ensure that consultation is carried out in good time for responses to be carefully considered and for local concerns to be taken into account
4. Work with local government to develop more sustainable options for housing asylum seekers and refugees including the use of MOD land, modular buildings and develop these along with support packages for the needs of asylum seekers and refugees
5. Ensure that local infrastructure is available to support the needs of asylum seekers and refugees before accommodation is designated
6. Carry out an urgent review of the asylum seeker application process so that applicants are not kept waiting for decisions.
7. That government respond to the concerns of local authorities recognising that the use of hotels as hostels is incurring expenses for local tax payers where Councils are seeking to challenge the change of use under planning law.

Following debate and upon being put to the vote, the motion was unanimously carried.

#### Police and Community Safety in Hertfordshire

Councillor Phil Bibby CC moved and Councillor Bret Facey seconded the following motion:

Stevenage Borough Council notes the recent reforms and improvements to the police across England and Wales since 2019. This Council is grateful for the 184 more police officers in Hertfordshire, as a part of the over 15,300 more police officers in England and Wales recruited since 2019 and calls on the government to continue its drive to have recruited an extra 20,000 police officers by 2023.

This Council notes:

- The change to national policy that will see every report of home burglary having a police visit, ensuring that every victim of such an invasive crime will be given the attention they deserve

- Resident's concern about the impact that illegal and disruptive protests have had on our country in recent years
- That the Police, Crime, Sentencing and Courts Act has strengthened the power that police have tackling such action
- The further positive impacts of the Police, Crime, Sentencing and Courts Act on dealing with sexual offences, including extending the scope of the offences in the Sexual Offences Act 2003, providing greater powers for the management of sex offenders and toughening around child sex offences
- The substantial increase of police funding to £16.9 billion, part of which will be used to give every police officer a £1,900 uplift in their salary this year

This Council resolves to:

- Co-operate with the government on future funding for our local police service
- Support officers new to Stevenage through providing forums for them to meet with residents
- Provide resources for residents to assist with keeping in contact with new police officers in our neighbourhoods

Following debate and upon being put to the vote, the motion was lost.

BBC Local Radio Services

Councillor Robin Parker CC moved and Councillor Stephen Booth seconded the following motion:

That this Council notes with great concern the proposed funding cuts and consequent re-organisation of BBC local radio services.

We believe that the changes will impact very badly upon:

- local democracy;
- the accountability of councils and others;
- local information and support for residents.

The detrimental effects on Stevenage and more widely will not be compensated by any tiny savings made.

That this Council therefore resolves to:

(a) Hereby publicly assert our opposition to the cuts.

(b) Send a copy of this motion to:

Tim Davie CBE, BBC Director General

Jason Horton, Acting Director for BBC Local

The Stevenage MP

The Secretary of State for Culture, Media and Sport

The Prime Minister and the leaders of the other parliamentary parties

and ask for their support in stopping this destruction of our BBC local radio services.

Following debate, and upon being put to the vote, the motion was unanimously carried.

13	<b>QUESTIONS FROM MEMBERS TO COMMITTEE CHAIRS / PORTFOLIO HOLDERS</b>	
<p>The Council received nine questions from Members to Committee Chairs/Portfolio Holders. The responses to the nine questions had been published in the supplementary agenda for the meeting.</p> <p>(A) Question from Councillor Bret Facey re: fuel poverty in the South of Stevenage</p> <p>Supplementary question – Only 1 session out of the 28 provided for warm spaces would be taking place in the South of Stevenage. Please can the provision of warm spaces in the south of the Town be considered?</p> <p>The Executive Portfolio Holder for Communities, Neighbourhoods and Co-operative Council advised that an interim community space was in the process of being developed in the central hub of the new Kenilworth building. In the meantime, officers were currently in negotiation with St Peter’s Church, SPRUSE at Marymead and the Four Seasons Café at the Roebuck for the provision of warm spaces in the area.</p> <p>(B) Question from Councillor Chris Howells re: housing repairs</p> <p>Supplementary question – “although in the minority, there was a percentage of residents dissatisfied with repairs. What mechanisms were there to ensure the minority of these cases do not slip through the net?”</p> <p>The Executive Portfolio Holder for Housing and Housing Development agreed that sometimes responses to residents were not as they should be exacerbated by a high turnover of staff. The Portfolio Holder advised that this was continually under review.</p> <p>(C) Question from Councillor Alex Farquharson re: standards in public office</p> <p>Supplementary question – the recently selected labour Parliamentary candidate for Stevenage was until recently a London Councillor with no links to Stevenage. Can the Leader of the Council guarantee that the Parliamentary Candidate would hold up the highest standards of honesty, trust and transparency?</p> <p>The Leader of the Council advised that the parliamentary candidate was now permanently based in Stevenage, was passionate about the Town and had attended many more community events this year than the current MP for Stevenage and was the best person to represent Stevenage at the next General Election.</p>		

(D) Question from Councillor Julie Ashley-Wren re: Town Centre proposed primary school.

There was no supplementary question.

(E) Question from Councillor Stephen Booth re: IT failures

Supplementary question – when would Councillors be consulted regarding their IT needs?

The Executive Portfolio Holder for Resources, Transformation and Information Technology advised that there had been many IT meetings recently that Councillor Booth could have attended and any questions could have been sent via her in this regard. The system was complex and recent failures had been dealt with as soon as they could be.

(F) Question from Councillor Andy McGuinness re: potential outsourcing opportunities

Supplementary question – Could Councillor Mrs Lloyd provide more detail on the improvements mentioned in regard to the waste and recycling services. Also could confirmation be given that no services would be off the table in terms of outsourcing other services?

The Executive Portfolio Holder for Resources, Transformation and Information Technology replied that all services had been looked at in trying to get the budget ready and for the Council to receive best value for money. The consultation on waste and recycling will be circulated to members as and when it was ready.

(G) Question from Councillor Robin Parker re: potential outsourcing opportunities CSC response times

Supplementary question – Could the refuse/recycling calendar for the whole year be made available online?

The Executive Portfolio Holder for Resources, Transformation and Information Technology advised she would look at this and respond to Councillor Parker.

(H) Question from Councillor Graham Snell re: Planning Enforcement

Supplementary question – asked by Councillor Parker in Cllr Snell's absence. Why were there repeated complaints about the delayed planning development in Magellan Close?

	<p>The Executive Member for Environment and Climate Change advised that he would ask officers to respond to Cllr Parker as this was a site specific issue. He agreed more resources would be useful in the Planning Enforcement area.</p> <p>(I) Question from Councillor Tom Wren re: planning applications</p> <p>Supplementary question – asked by Councillor Parker in Cllr Wren’s absence. Members still received complaints regarding a lack of consultation on small planning developments. Will the Portfolio Holder look to update the Statement of Community Involvement?</p> <p>The Executive Member for Environment and Climate Change advised that the update was already included in the upcoming review of the Local Plan.</p>
