## Introduction

This plan supports the Councils current Anti-Fraud and Corruption Policy by ensuring that the Council, working in partnership with the Hertfordshire Shared Anti-Fraud Service, has in place effective resources and controls to prevent and deter fraud as well as investigate those matters that do arise.

The Policy states that the Council;

- **is opposed to fraud and corruption,**
- **recognises the need for staff and Members to support the policy,**
- **expects Members and staff to adhere to the highest standards of honesty and integrity,**
- **that Members and staff will act in accordance with legal requirements and Council procedures,**
- **that individuals and organisations that deal with the Council to meet the same standards.**

This plan includes objectives and key performance indicators that support the Councils Strategy and meet the best practice guidance/directives from central government department such as Department for Communities and Local Government and other bodies such as National Audit Office and the Chartered Institute for Public Finance and Accountancy.

## National Context.

In 2013 the National Fraud Authority stated that the scale of fraud against local government was large, but difficult to quantify with precision.

In its 2015 publication *Code of practice on managing the risk of fraud and corruption* CIPFA highlighted the five principles for public bodies to embed effective standards for countering fraud and corruption in their organisations. These principles support good governance and demonstrate effective financial stewardship and strong public financial management

The five key principles of the code are to:

- Acknowledge the responsibility of the governing body for countering fraud and corruption
- Identify the fraud and corruption risks
- Develop an appropriate counter fraud and corruption strategy
- Provide resources to implement the strategy
- Take action in response to fraud and corruption.

The CIPFA *Local Government Counter Fraud and Corruption Strategy (2016-2019)* included a summary of reported fraud losses across councils in England totalling £307m per annum but that hidden and unreported fraud risks could exceed £2bn each year. The strategic response for local government to respond to the threat of fraud threats provides three key principles '**Acknowledge/Prevent/Pursue**'. The strategy was supported by Department for Communities and Local Government, the Local Government Association and Fighting Fraud Locally Board.

In addition, local authorities can ensure that their counter fraud response is comprehensive and effective by considering their performance against each of the six themes (the 6 Cs) identified in the CIPFA Strategy:

- Culture - creating a culture in which beating fraud and corruption is part of daily business,
- Capability - ensuring that the range of counter fraud measures deployed is appropriate to the range of fraud risks,
- Capacity - deploying the right level of resources to deal with the level of fraud risk,
- Competence - having the right skills and standards,
- Communication - raising awareness, deterring fraudsters, sharing information, celebrating successes
- Collaboration - working together across internal and external boundaries: with colleagues, with other local authorities, and with other agencies; sharing resources, skills and learning, good practice and innovation, and information

The Annual Fraud Indicator (AFI) 2017 (published in partnership by Crowe Clark Whitehill, Portsmouth University and Experian) attempts to identify the cost of fraud to the UK economy. The AFI estimated fraud losses for local government as follows.

- Total loss across local government - £7.8bn
- Tenancy Fraud- £1.8bn
- Procurement Fraud - £4.4bn
- Payroll Fraud - £1bn
- Other - £.6bn

The AFI does not include housing benefit fraud or council tax fraud as a loss to local government but estimates the loss of these combined at around £1.1bn.

What is clear is that every pound lost to fraud from the public purse is a pound lost from essential front line services. The Councils Anti-Fraud Plan 2017/2018 is founded on the principles of 'Acknowledge/ Prevent/ Pursue' and the 6 C's to ensure the Council is adequately protected from fraud risk or that where fraud does occur there are plans to manage and mitigate any losses.

## **SAFS Resources 2018/2019**

### **Budget**

In December 2016 the SAFS Board accepted a report from the SAFS Manager to restructure and reorganise the Service from April 2017/2018. This restructure would result in a small increase in fees for all Partners. The Board agreed that the annual fee for District Councils, with housing stock, would be fixed to £100,000 +VAT. The Board also received assurance, from extensive financial modelling, that the service would be sustainable, in its current form, for 5 years with any increase in fees to be reviewed each year from 2018/2019 onwards.

Fees for Stevenage Borough Council in 2018/2019 remain at £100,000 + VAT.

### **Staffing**

The full complement of SAFS now stands at 15 FTE's; 1 Manager, 2 Assistant Managers, 8 Investigators, 3 and 1 Data-Analyst.
