INTRODUCTION

These Regulations have been adopted by the Council and form an essential part of the control framework within which the Council operates. Each section includes general guidelines to staff on the practical application of the Regulations. Useful contacts are also included in each section of this document.

These Regulations are designed to ensure that financial decisions are taken in a considered and informed manner by assuring that consistent, high quality financial information is available to Members and Officers. In this way we can be confident that financial management ensures that the Council's objectives are met in an economical, effective and efficient way whilst still maintaining the highest levels of accountability.

The Regulations should be used in conjunction with Contract Standing Orders which documents important rules concerning the conduct of council staff and the procedures they must follow. The general principals contained in the Regulations may be supplemented by detailed procedures specified by or agreed with the Strategic Director (Chief Financial Officer). Responsibility for approving and recommending changes to the financial control framework rests with the Strategic Director (Chief Financial Officer) who will be pleased to receive any comments on the operation of the Financial Regulations or Contract Standing Orders.

All staff are bound by these Regulations and will be affected by them to some degree depending on their duties. Training will be provided for those staff who are regularly involved in the application of Financial Regulations or Contract Standing Orders.

Assistant Directors will be responsible for ensuring that their appropriate officers/employees:

- (a.) have access to a copy of these Regulations, where appropriate
- (b.) Receive appropriate training in order that they understand and comply with the Regulations.

The Strategic Director is the nominated Chief Finance Officer.

Every officer has a responsibility to read and be familiar with these Regulations.

Clare Fletcher

Strategic Director
(Chief Financial Officer)

4. SUPPLEMENTARY ESTIMATES AND BUDGET INCREASES

CONTACT: Strategic Director (Chief Financial Officer)

- 4.1** Supplementary estimates reduce the Council's reserves, and therefore must be used sparingly so as to not jeopardise the Council's Financial Strategy. Business Units should endeavour to find the resources from their own budgets, financing the project or variance through budget virement (see Section 6 of these Regulations). If this is not achievable in the first instance consideration should be given to the budget pressure being covered within other areas within the Assistant Director's remit. Supplementary estimates should represent a last option for financing a project or variance.
- 4.2** **The Executive** can approve Supplementary Estimates within the contingency sum approved by the **Full Council** within each Budget Head (as referred to in the Budget and Policy Framework). Supplementary Estimates above these levels, either individually or cumulatively, require the approval of **Full Council**. The cumulative annual supplementary limit for the Executive is approved as part of the annual budget setting report (January Council – HRA and February Council – General Fund) and is currently £400,000 for the General Fund and £250,000 for the HRA.
- 4.3** A Supplementary Estimate shall only be requested from **The Executive** where expenditure or a reduction in income will be incurred that cannot be accounted within a budget head by way of virement (see 4.1). A request for additional financial resources must be clearly identified in Committee reports and whether they are on-going or a one off. Additional budgets can also be approved as part of the quarterly monitoring reports and budget setting reports (subject to the supplementary limit not being exceeded) to the Executive in the following months;
- September (quarter one),
 - November (quarter two)
 - March (quarter three).
 - July (quarter four)
- 4.4** **Executive** Members with portfolio responsibility can approve supplementary estimates within the approved contingency sum for non-key decisions. A copy of the 'non-key decision notice' and '**Executive** Member with Portfolio Responsibility Report' must be forwarded to the Constitutional Services Manager and reported at the next available **Executive**, or as part of the revenue budget monitoring/setting reports to Executive.

- 4.5** Key decisions which are taken as an officer delegated decision which contain supplementary estimates should be published within two days of the decision being taken. Prior to the report being signed by the relevant officer the Strategic Director (Chief Financial Officer) must have been consulted to determine whether the in-year supplementary limit has been breached which would mean that the decision would require approval by **Full Council**.

 - (d.)** The sale or disposal of land, buildings or other property of the Council, (other than those for which delegated authority has been given).

will be subject to the specific approval of the Council on the recommendation of **The Executive**. This will apply if:

- The in-year supplementary Estimate allowance for the General Fund, HRA or Capital Programme is exceeded.
- The virement threshold for Executive has been exceeded (paragraphs 2.9 and 6.3 refers).
- If during the project, the likely costs exceed the amount specifically approved or the scope of the project altered, then further specific approval must be sought unless the financial implications can be accommodated by Virement. The initial or any subsequent submission of such proposals to the Council shall be subject to the procedures in Section 4.

5.6 In a situation that necessitates expenditure or the acceptance of quotes/tenders in contravention of these Regulations, the relevant Strategic Director and the Strategic Director (Chief Financial Officer), in conjunction with the Chair of **The Executive**, shall have authority to sanction such expenditure. Where in the opinion of the relevant Strategic Director, in consultation if possible with the Chief Executive and the Strategic Director (Chief Financial Officer), the urgency of the situation will not permit delay, nothing in the Financial Regulations or Standing Orders shall prevent the relevant Strategic Director from incurring expenditure. Action under this Financial Regulation shall be reported to the next meetings of **The Executive** and the **Full Council**.

- Staffing changes / additions should clearly state whether such adjustments are of a permanent, temporary or fixed term nature.
- All financial implications narrative and supporting appendices should be agreed with the relevant Finance Business Partner at draft / consultation stage.
- Reports with significant financial implications, should, as a matter of course have a financial appendix which should provide a financial analysis broken down into appropriate cost and income headings (e.g. employee costs, property costs, supplies and services etc.) and should identify current year costs (which in the main will have a part year effect only) and costs for a full financial year.
