Dear Sir/madam,

2nd Fish and chip shop.

Ref 10 middle row SG12AW.

Ref OPENING HOURS 3AM Mon / Sun. OBJECTION?

I am concerned because this means middle row is only 5' wide, this means groups of people congregating in a small area having had drunk down them eating fish and chips in the early hours, which is a recipe for trouble. Plus people living in this area would have to put up with any noise and trouble. we have had our shop windows broken before this will increase the chance of vandalism. if you look at most fish and chip shops in northwarkshire most close at 12:30.
