Introduction

This plan supports the Councils Anti-Fraud and Corruption Policy by ensuring that the Council, working in partnership with the Hertfordshire Shared Anti-Fraud Service, has in place effective resources and controls to prevent and deter fraud as well as investigate those matters that do arise.

The Policy states that the Council;

- Is opposed to fraud and corruption,
- recognises the need for staff and Members to support the policy,
- expects Members and staff to adhere to the highest standards of honesty and integrity,
- that Members and staff will act in accordance with legal requirements and Council procedures
- that individuals and organisations that deal with the Council to meet the same standards.

This plan includes objectives and key performance indicators to measure the Councils effectiveness against its Policy and meet the best practice guidance/directives from central government department such as Department for Communities and Local Government and other bodies such as National Audit Office and the Chartered Institute for Public Finance and Accountancy.

National Context.

The Chartered Institute for Public Finance and Accountancy (CIPFA) ***Local Government Counter Fraud and Corruption Strategy (2016-2019)*** included a summary of fraud losses across councils in England.

- Actual fraud losses reported by local government in 2013 totalled £207m (this excludes housing benefit)
- Hidden fraud loss for local government was estimated at £1.9bn.
- As admitted previously by the National Fraud Authority in 2013 the scale of fraud against local government is large, but difficult to quantify with precision.
- The strategic response to fraud threats contains three main principles 'Acknowledge/ Prevent/ Pursue'.

In its 2015 publication '***Code of practice on managing the risk of fraud and corruption***' CIPFA highlights five principles outlining public bodies responsibility to embed effective standards for countering fraud and corruption in their organisations. This supports good governance and demonstrates effective financial stewardship and strong public financial management

The five key principles of the code are to:

- Acknowledge the responsibility of the governing body for countering fraud and corruption
- Identify the fraud and corruption risks
- Develop an appropriate counter fraud and corruption strategy
- Provide resources to implement the strategy
- Take action in response to fraud and corruption.

SAFS Resources 2017/2018

Budget

In December 2016 the SAFS Board accepted a report from the SAFS Manager to restructure and reorganise the Service from April 2017/2018. This restructure would result in an increase in fees for all Partners. The Board agreed that the annual fee for District Councils, who held housing stock, would be fixed to £100,000 +VAT. The Board also received assurance from financial modelling that the service would be sustainable, in its current form for 5 years with an increase in fees each year at 1% from 2019 onwards.

It has been agreed that the service would be allowed to build up a small operating reserve but should this be exhausted all Partners agree to meet any shortfall in Budgets equally.

Staffing

The full complement of SAFS now stands at 14.5 FTE's; 1 Manager, 2 Assistant Managers, 8 Investigators and 2 Intelligence Officers. The Team is also supported by 1 FTE Data-Analyst and 0.5 FTE Business Support who are funded from SAFS Budgets.

For staffing – Stevenage Borough Council will have exclusive access to 1 FTE Investigator, access to intelligence functions of the service, all data-matching services being offered through the local data-warehouse and call on one of the Assistant Managers for quarterly liaison meetings, management meetings and two Audit Committees reports per annum. SAFS will continue to support the work of the SBC Housing Fraud Officer. SAFS have access to an Accredited Financial Investigator (AFI) and criminal litigation services.
