

## **MAIN DEBATE – “THE FUTURE OF COUNCIL HOMES IN STEVENAGE”**

### **Questions from Trish Rafferty, Stevenage Resident**

What is a “trickle” transfer? This has happened in Westminster when the ALMO ran out of money and tenants were told a ballot was not necessary to transfer to a housing association.

What guarantees do we have that there will be a ballot at a later stage if the ALMO becomes our landlord on a permanent basis? Won't the Government just change the rules as the Council will have had their budgets cut as a result of losing housing and therefore will not be able to take services back in house again.

How much did the consultation process cost?
