2 MINUTES – Tuesday, 26th June 2007

The minutes of the meeting of the Audit Committee held on Tuesday, 26th June 2007, having been circulated, were taken as read and it was RESOLVED that they be signed as a correct record.

3. AUDIT COMMISSION – ANNUAL GOVERNANCE REPORT

The Audit Commission submitted a report detailing the review of the Council's financial statements and whether proper arrangements had been made by the Council to secure economy, efficiency and effectiveness in its use of resources.

The Committee was advised that the financial statements had been revised to reflect a number of errors identified by audit. Officers stated that one of the adjusted misstatements related to housing stock and a change of the vacant possession factor used. Following advice by external valuers, the Council had been using the rate for the South East England region rather than the Eastern region. This had resulted in an increase of £11,217,000 in the fixed asset restatement account.

The Audit Commission reported two unadjusted misstatements to the Committee which related to investment valuation and investment accrual. Following an explanation by officers, the Committee agreed that the financial

statements should not be amended and in accordance with ISA (UK&I) 260, the representation letter be extended accordingly.

The Audit Commission highlighted concerns relating to the quality of working papers provided, capital accounting arrangements and together with concerns about the completeness and accuracy of the fixed asset register.

It was noted that the Council had already engaged a capital specialist to review the capital accounting issues identified by the Audit Commission to ensure that systems and processes were improved for the 2007/08 accounts.

It was proposed that an unqualified audit opinion would be issued by the Commission on the Accounts and should any further matters arise in concluding the outstanding work, they would be raised with the Chair of the Audit Committee. Members were also pleased to note that the Audit Commission proposed issuing an unqualified conclusion on the use of resources.

The Audit Commission thanked the Council officers for their positive and constructive response to the audit and for their assistance and co-operation.

Following further discussion, it was RESOLVED:-

- (i) that the Annual Governance Report for 2006/07 be approved;
- (ii) that the representation letter be extended to state that the unadjusted misstatements should remain in respect of investment valuation and investment accruals; and
- (iii) that officers report back to the Committee with assurances on what is being done to improve the areas of working papers, capital arrangements and also arrangements for creditors
