

## **Council – 14 July 2010**

### **Item 4 – Main Debate – “Am I Bothered?”**

#### **Motion :**

**‘That this Council is bothered and wishes to place on record its support for the young people of Stevenage. It is for decision makers and service providers to listen closely to what our young people say and react accordingly. We would urge our colleagues at Hertfordshire County Council to take on board the views of this Council, the Youth Council and the 10,000 plus school age residents who are growing up in this Town and who will be directly affected by the County Council’s future strategies.’**

**Mover : Cllr. Howard Burrell**

**Secunder : Cllr. Jackie Hollywell**
