To consider the outline draft recommendations and report of the BTC review. The final report and recommendations will be considered by the Committee at its meeting on 12 January 2016.

Report and Appendix attached.

This report had not been circulated five clear days before the meeting, nor was it available for public inspection for that time. The Chair will therefore be required to formally accept the business as urgent given the need for the Committee to consider this draft report prior to its final meeting on 12 January 2016 when the final report will be considered.
