UPDATE FROM SCRUTINY CHAIRS

The Chair of the Overview & Scrutiny Committee advised that, since the previous Council meeting, the Committee had met on a number of occasions to consider the Executive's decisions. One of these related to the Town Deal, and an interesting discussion had ensued, as summarised on page 33 of the agenda as part of the report to Council regarding this matter.

The Chair of the Community Select Committee stated that the Committee had met to scope out work in relation to pre-scrutiny of the proposed Heritage Centre, and visits were planned to similar facilities in Colchester and Milton Keynes to glean best quality advice and information. The Committee would be inviting to a future meeting the new Manager whose responsibilities would include addressing damp and mould issues in SBC-owned housing properties.

The Chair of the Environment & Economy Select Committee had met on a number of occasions recently, and had interviewed internal and external witnesses prior to agreeing the scrutiny report on the Council's response to the Covid crisis for onward submission to the Executive. The Committee's next major area of work would be to scrutinise the implementation of the Council's Climate Change Strategy, which would commence with a presentation from the Executive Portfolio Holder for Environment & Regeneration.

To write to the Home Secretary to call for the enquiry into the murder of Sarah Everard to be made a formal public enquiry;2. To call on the Government to legally recognise Misogyny as a Hate Crime and for the Hertfordshire Police and Crime Commissioner to ensure that any incidences of violence against women and girls are recorded accordingly; and3. To also call on the Chief Constable of Hertfordshire and The Police and Crime Commissioner for Hertfordshire to urgently review the conduct of their Officers and Staff in order to reassure the people of Stevenage that they have confidence in their Police.”		

The following amendment was moved by Councillor Phil Bibby and seconded by Councillor Wendy Kerby:

Deletion of points 2. and 3., and make a new 2., as follows:

"To also call on the Chief Constable of Hertfordshire and the Police and Crime Commissioner for Hertfordshire to share the processes they have in place to ensure that police candidates are robustly vetted, and that their conduct continues to remain appropriate."

Following debate, and upon being put to the vote, this amendment was lost.

Following further debate on the substantive motion, and upon this being put to the vote, it was **RESOLVED:**

"That this Council acknowledges and deeply regrets the murders of Sarah Everard, Sabina Nessa, Nicole Smallman, and Bibaa Henry and would like to send our heartfelt condolences to all the families of these women and girls who have lost their lives as a result of violence.

The appalling murder of Sarah Everard last March was particularly shocking as her recently convicted murderer was a serving Police Officer. This horrendous crime has not only made women and girls more concerned about their safety, but it has sadly led to questions about the security and reassurance of the presence of Police Officers in our communities.

We would also welcome the announcement by the Home Secretary of an enquiry to look into the circumstances of this particular crime and perpetrator, as well as the wider societal implications for the safety of women and girls. However, we call on the Government to make this a formal public enquiry so that it can be as transparent and wide-reaching as possible. All the issues need to be properly examined as Violence Against Women and Girls can only be eradicated by a focus on the root causes and requires a cultural shift in attitudes and behaviours underpinned by education and legal improvements.

Therefore that Council resolves:

1. To write to the Home Secretary to call for the enquiry into the murder of Sarah Everard to be made a formal public enquiry;
2. To call on the Government to legally recognise Misogyny as a Hate Crime and for the Hertfordshire Police and Crime

Commissioner to ensure that any incidences of violence against women and girls are recorded accordingly; and

3. To also call on the Chief Constable of Hertfordshire and The Police and Crime Commissioner for Hertfordshire to urgently review the conduct of their Officers and Staff in order to reassure the people of Stevenage that they have confidence in their Police.”

Deletion of all word after “That Council...” and their replacement with “...agrees for the details of SBC organised events to be shared with all councillors in advance of them taking place.”

We therefore call upon the Overview and Scrutiny Committee urgently to investigate and review the management and operation of the Council's IT systems and specifically:

- speedily to appoint independent consultants to analyse and identify the key problems;
- quickly to resolve these problems with the minimum of disruption to council services and working arrangements;

The following amendment was moved by Councillor Rob Broom and seconded by Councillor Jeannette Thomas:

Addition of a paragraph following the first paragraph stating "That Council notes the significant work that is being undertaken to upgrade the Council's IT system and implement the ICT Strategy agreed in 2019.";

To inform this report the a Portfolio Holder Advisory Group will be convened and, following Executive, the Overview & Scrutiny Committee will be invited to review the Executive's decision(s) regarding Management of the Council's IT system in the usual manner."; and

The revised Motion reads:

"That Council condemns the practice of giving live animals as prizes or rewards. Under current legislation (Animal Welfare Act 2006), the only relevant offence is to give away an animal as a prize if the recipient is under 16 and not accompanied by an adult. With animal welfare in mind, Council should write to Government, asking for a review of this legislation, which is outdated. In the meantime, Council should liaise with HCC Trading Standards officers, to ensure current legislation is enforced."

Following debate, and upon being put to the vote, this amendment was carried.

The following further amendment (to the text of the new substantive motion) was moved by Councillor Lou Rossati and seconded by Jackie Hollywell:

QUESTIONS FROM MEMBERS TO COMMITTEE CHAIRS / PORTFOLIO HOLDERS

The Council received ten questions from Members to Committee Chairs/Portfolio Holders. The responses to the ten questions had been published in the supplementary agenda for the meeting.

(A) Question from Councillor Margaret Notley re: substitutes on committees

No supplementary question was asked.

(B) Question from Councillor Nick Leech re: derelict oil container at Waverley Close

Supplementary question – “Would the Executive Portfolio Holder for Resources commit to a meeting with him and Councillor Chris Howells to investigate resolving the issues for one and all?”

The Executive Portfolio Holder for Resources replied that the oil container was situated on private land, and that she was unaware of any previous complaints regarding the matter. She would await a legal view on the issue, including advice as to whether or not the container breached environmental and/or planning legislation, and she undertook to come back to Councillor Leech following receipt of this information.

(C) Question from Councillor Adam Mitchell re: hedgerow trimming

No supplementary question was asked.

(D) Question from Councillor Chris Howells re: cyclists, e-scooters and skateboarders in the town centre

Supplementary question – “How can the Council hope to attract more visitors to the Borough both before and after Town Centre Regeneration with the current high level of cyclists, e-scooters and skateboarders using the pedestrianised areas of the town centre?”

The Executive Portfolio Holder for Communities, Community Safety & Equalities replied that the Council had a very proactive Anti-Social Behaviour (ASB) Team who were tackling the issues raised in the question, in association with Hertfordshire Constabulary. She asked Councillor Howells to contact her and/or ASB Team officers should he experience further examples of this type of anti-social behaviour.

(E) Question from Councillor Julie Ashley-Wren re: refurbishment works to leaseholders of SBC owned flats

In the absence of Councillor Ashley-Wren, Councillor Robin Parker asked the following Supplementary question – “Can the SBC Leaseholders be written to now to be advised of the Council’s plans and reasons for the delay, and have any of them opted for an independent check of their final accounts?”

The Executive Portfolio Holder for Housing, Health & Older People replied that a letter would be going out to the first tranche of Leaseholders with their bills and explaining the reasons for delay. The bills had yet to be sent out, and the costs had been capped, with the majority of bills below the estimated costs. As the bills had not yet been sent out, it was not possible to give an indication as to how many Leaseholders had opted for independent checks.

(F) Question from Councillor Stephen Booth re: “Your Say” system

Supplementary question – “Would the Council consider improving this service by allowing councillors to engage more directly with Assistant Director level officers (or their senior assistants) on “Your Say” issues?”

The Executive Portfolio Holder for Neighbourhoods & Co-operative Council replied that he accepted that there had been an increase in enquiries through the “Your Say” system during Covid lockdown and afterwards. He would be meeting officers in the near future to look at improvements to the system for all Members, including an enhanced digital offer.

(G) Question from Councillor Andy McGuinness re: Covid-19 Cobra snake

Supplementary question – “Can the Portfolio Holder confirm that the final location of the Covid-19 Cobra snake would be in the underpass at the junction of Grace Way and Vardon Road, the preferred location following a residents’ survey and fundraising exercise carried out in 2020?”

The Portfolio Holder for Children, Young People, Leisure & Culture replied that the final location was being discussed with Dawn Parnell and her family, and no decision had been made. SBC Officers were working with Hertfordshire County Council colleagues to determine the final resting place for the Covid-19 Cobra snake,

(H) Question from Councillor Robin Parker re: Chairs of Scrutiny functions

Supplementary question – “In view of the fact that the original question was not answered, why are opposition parties not allowed to Chair any of the Councils Scrutiny functions?”

The Leader of the Council replied that the first paragraph of the original answer was to explain the efficacy of the work carried out by the Council’s scrutiny bodies. The second paragraph confirmed that the appointment to Chairs of Committees (including scrutiny committees) takes place at the Annual Council Meeting in May of each year. The Chairs of Committees are decided upon by the Majority Group, and come before the Annual Council for approval. The Vice-Chair positions on scrutiny committees were handed to the opposition for appointment. The above provisions would continue whilst the current Majority Group was in political control of the Council.

(I) Question from Councillor Graham Snell re: tenancy evictions for anti-social behaviour

Supplementary question – “Can I have more detail about what has been done successfully in resolving the problems associated with difficult neighbours?”

The Executive Portfolio Holder for Housing, Health & Older People undertook to provide a written answer to the supplementary question.

(J) Question from Councillor Alex Farquharson re: Leader's stance on GSK's £400M investment in Stevenage

Councillor Farquharson was pleased with the Leader of the Council's response and had no supplementary question.

The Leader of the Council reiterated her support for GSK's investment in Stevenage and hoped that the next phase would be a successful Towns Fund scheme for alterations and improvements to the Gunnels Wood Road/GSK roundabout area, in order to unlock the potential for the growth of the GSK/Catalyst Bioscience Park campus.

In response to Member questions regarding the number of new high rise flats contained in the Towns Fund proposals in the light of likely different working patterns following the Covid pandemic, the Executive Portfolio Holder for Environment & Regeneration commented that one of the objectives was to provide homes to house residents as well as those attracted into the area to take up jobs associated with the growing Stevenage business sector, especially the pharmaceutical and STEM Gene and Cell Therapy units comprising the GlaxoSmithKline and Bioscience Catalyst campus.
