

The Stevenage
Climate Change Charter

We.....acknowledge that

1. Evidence shows that climate change is occurring.
2. Climate change will have increasingly significant effects on the people, organisations and the environment of Stevenage.

We commit our organisation from this date
to contribute towards tackling climate change by:

1. establishing a baseline of emissions from our activities which contribute towards climate change.
2. assessing the risks to our activities posed by climate change.
3. setting smart, challenging targets for the reduction of greenhouse gas emissions
4. setting smart, challenging targets for the reduction of carbon

5. reporting on the progress and positive impacts we make in taking action yearly.
6. working in partnership with other organisations to address the causes and consequences of climate change throughout Stevenage.
7. assigning responsibility for delivering these actions to our Senior Managers and ensuring everyone within our organisations understands the threat of climate change and the need for action.
