(iv) England Football Team – European Championships 2020

To be moved by the Labour Group.

“That this Council wishes to express its grateful thanks and best wishes to the England Football Team, their manager Gareth Southgate and his staff for their performances in the recent Euro 2020 Football Tournament; and commends them for their conduct throughout.

They have lifted our spirits, and inspired and unified our country and communities; and we utterly condemn the abuse on social media directed at certain players immediately after the Final versus Italy.”
