

Polling District and Places Review 2023

APPENDIX B

Responses to consultation

Polling District	Ward	Consultee	Comment	Response
MNC	Manor	Councillor Andy McGuinness	The Emperor’s Head pub is currently closed down and up for let – assuming looking for new tenants to run it. As a back up if the pub isn’t opened by May, do you think the community centre could be used for all three polling districts in the interim?	Response advised that should there be any issue with using the Emperor’s Head Public House for the election next May, then the intention would be to use Chells Manor Community Centre as the Polling Place for electors in Polling District MNC.
WFC	Woodfield	Ref: SBC001	I am writing regarding the review of polling places. I object to the Weston Road Cemetery being used as a Polling Station. I find it distasteful, disrespectful and insensitive of the Council to use it as a polling station. It is a place of peace for the deceased and a peaceful place for the general public to visit their loved ones. There must be other places suitable as a polling station. I have previously made my feeling clear to the Council.	Response advised that the proposal for this Polling District in Woodfield Ward is to use St Nicholas Church (and not Weston Road Cemetery) as the Polling Place, which is now available to use as a polling station.
