Stevenage Borough Council Local Code of Corporate Governance

This Local Code is underpinned by the CIPFA/SOLACE *Delivering Good Governance in Local Government Framework: 2016* and summarises policies, procedures, behaviours and values by which the council is controlled and governed.

The CIPFA/SOLACE *Delivering Good Governance in Local Government Framework* sets the standard for local authority governance in the UK. The concept underpinning the framework is to support local government in taking responsibility for developing and shaping an informed approach to governance, aimed at achieving the highest standards in a measured and proportionate way. The purpose of the Framework is to assist authorities in individually reviewing and accounting for their own unique approach with the overall aim to ensure that:

- Resources are directed in accordance with agreed policy and according to priorities
- There is sound and inclusive decision making
- There is clear accountability for the use of these resources in order to achieve desired outcomes for service users and communities.

Good governance enables the Council to effectively achieve its intended outcomes, whilst acting in the public interest at all times.

The CIPFA/SOLACE *Delivering Good Governance in Local Government Framework: 2016*, sets out seven core principles of governance as detailed in the diagram below. Stevenage Borough Council confirms its commitment through the adoption, monitoring and development of this Local Code of Corporate Governance.

This diagram illustrates how the various principles for good governance in the public sector relate to each other. Principles A and B permeate the implementation of Principles C to G
