**First things first:**

**Does this policy, project, service, or other decision need an EqlA?**

<b>Title:</b>	<b>Annual Review of the Council's Taxi Tariff of Fares</b>	
<b>Please answer Yes or No to the following questions:</b>		
Does it affect staff, service users or the wider community?	Yes	
Has it been identified as being important to particular groups of people?	No	
Does it or could it potentially affect different groups of people differently (unequal)?	No	
Does it relate to an area where there are known inequalities or exclusion issues?	No	
Will it have an impact on how other organisations operate?	No	
Is there potential for it to cause controversy or affect the council's reputation as a public service provider?	Yes	

<b>Where a positive impact is likely, will this help to:</b>	
Remove discrimination and harassment?	No
Promote equal opportunities?	No
Encourage good relations?	No

**If you answered 'Yes' to one or more of the above questions you should carry out an EqlA.**

Or if you answered 'No' to all of the questions and decide that your activity doesn't need an EqlA you must explain below why it has no relevance to equality and diversity.

You should reference the information you used to support your decision below and seek approval from your Assistant Director before confirming this by sending this page to [equalities@stevenage.gov.uk](mailto:equalities@stevenage.gov.uk).

N/A
-----

I determine that no EqlA is needed to inform the decision on the Revocation of the Taxi Rank in Danestrete, Stevenage.

# Equality Impact Assessment Form

For a policy, project, strategy, staff or service change, or other decision that is new, changing or under review

<b>What is being assessed?</b>		<b>Annual Review of the Council's Taxi Tariff of Fares</b>			
Lead Assessor	Julie Dwan			Assessment team	
Start date	November 2025	End date			
When will the EqIA be reviewed? (Typically, every 2 years)		October 2026			

Who may be affected by the proposed project?	Taxi drivers, Operators and Passengers including vulnerable and protected groups who rely on taxis as essential transport
What are the key aims of the proposed project?	<p>The purpose of this is to review and, if necessary, revise the current taxi tariff (maximum fare rates) applicable to licensed hackney carriage vehicles within the District of Stevenage.</p> <p>The review aims to ensure:</p> <ul style="list-style-type: none"> <li>Fares remain fair to both drivers and passengers</li> <li>Tariffs reflect current operating costs (fuel, insurance, maintenance, etc.)</li> <li>The service remains accessible and affordable for all members of the community</li> </ul>

--	--

What <b>positive measures</b> are in place (if any) to help <b>fulfil our legislative duties</b> to:					
Remove discrimination & harassment	N/A	Promote equal opportunities	N/A	Encourage good relations	safety and accessibility.

What sources of data / information are you using to inform your assessment?	<p>Cost of Living and inflation data. (CPI, fuel costs, vehicle maintenance etc)</p> <p>28-day public Consultation responses, from drivers, passengers, Health care settings and religious groups and members of the public.</p>
---	--

In assessing the potential impact on people, are there any overall comments that you would like to make?	<p>Taxi services are a vital part of the local transport network, providing essential access to employment, education, healthcare, and social activities, particularly for those persons who may not have access to private vehicles or convenient public transport. A failure to increase the tariff in line with economic conditions may undermine the sustainability of the local taxi provision. If drivers are unable to cover their costs this could lead to:</p> <ul style="list-style-type: none"> <li>• Reduced numbers of available taxis</li> <li>• A potential decline in safety standards due to vehicle maintenance becoming unaffordable</li> <li>• Reduced service coverage, particularly in lower demand areas.</li> </ul> <p>Therefore, the proposed tariff review seeks to balance affordability for passengers with the need to maintain a safe and viable taxi trade.</p>
--	--

## Evidence and Impact Assessment

Explain the potential impact and opportunities it could have for people in terms of the following characteristics, where applicable:

Age					
Positive impact		Negative impact		Unequal impact	X
Please evidence the data and information you used to support this assessment	<p>Whilst an increase in taxi tariff ensures that an accessible taxi provision remains viable, covering higher vehicle and maintenance costs, a fare increase could make taxis less affordable for older passengers who rely on taxis as a form of transport.</p>				
What opportunities are there to promote equality and inclusion?			What do you still need to find out? Include in actions (last page)		

Disability e.g., physical impairment, mental ill health, learning difficulties, long-standing illness					
Positive impact		Negative impact		Unequal impact	X

Please evidence the data and information you used to support this assessment	Whilst an increase in taxi tariff ensures that an accessible taxi provision remains viable, covering higher vehicle and maintenance costs, a fare increase may disproportionately affect disabled people who rely on taxis as a form of transport.		
What opportunities are there to promote equality and inclusion?		What do you still need to find out? Include in actions (last page)	

Gender Reassignment					
Positive impact		Negative impact		Unequal impact	
Please evidence the data and information you used to support this assessment	N/A Impact not expected.				
What opportunities are there to promote equality and inclusion?			What do you still need to find out? Include in actions (last page)		

Marriage or Civil Partnership					
Positive impact		Negative impact		Unequal impact	
Please evidence the data and information	N/A Impact not expected.				

you used to support this assessment			
What opportunities are there to promote equality and inclusion?		What do you still need to find out? Include in actions (last page)	

Pregnancy & Maternity					
Positive impact	X	Negative impact		Unequal impact	
Please evidence the data and information you used to support this assessment	A Tariff increase would ensure an accessible taxi provision remains viable (covering higher vehicle and maintenance costs) which in turn will maintain availability of a safe, reliable taxi service which supports any mobility needs.				
What opportunities are there to promote equality and inclusion?		What do you still need to find out? Include in actions (last page)			

Race					
Positive impact		Negative impact		Unequal impact	
Please evidence the data and information you used to support this assessment	N/A Impact not expected.				
What opportunities are there to promote equality and inclusion?		What do you still need to find out? Include in actions (last page)			

Religion or Belief					
Positive impact		Negative impact		Unequal impact	
Please evidence the data and information you used to support this assessment	N/A Impact not expected.				
What opportunities are there to promote equality and inclusion?			What do you still need to find out? Include in actions (last page)		

Sex					
Positive impact		Negative impact		Unequal impact	
Please evidence the data and information you used to support this assessment	N/A Impact not expected				
What opportunities are there to promote equality and inclusion?			What do you still need to find out? Include in actions (last page)		

Sexual Orientation e.g., straight, lesbian / gay, bisexual					
Positive impact		Negative impact		Unequal impact	
Please evidence the data and information	N/A Impact not expected				

you used to support this assessment			
What opportunities are there to promote equality and inclusion?		What do you still need to find out? Include in actions (last page)	

<b>Socio-economic<sup>1</sup></b> <b>e.g., low income, unemployed, homelessness, caring responsibilities, access to internet, public transport users, social value in procurement</b>					
Positive impact		Negative impact		Unequal impact	X
Please evidence the data and information you used to support this assessment	Though a sustainable service ensures continued access, fare increases may affect affordability. Many Taxi drivers are self-employed and their ability to sustain livelihoods depends directly on the tariff level. Failure to raise tariffs may increase financial hardship affecting groups with protected characteristics who are represented in this workforce (e.g. ethnic minority men)				
What opportunities are there to promote equality and inclusion?		What do you still need to find out? Include in actions (last page)			

<sup>1</sup>Although non-statutory, the council has chosen to implement the Socio-Economic Duty and so decision-makers should use their discretion to consider the impact on people with a socio-economic disadvantage.

Additional Considerations					
Please outline any other potential impact on people in any other contexts					
Positive impact		Negative impact		Unequal impact	
Please evidence the data and information you used to support this assessment	N/A				
What opportunities are there to promote equality and inclusion?			What do you still need to find out? Include in actions (last page)	N/A	

## Consultation Findings

Document any feedback gained from the following groups of people:

Staff?	<b>Public Consultation</b> -No responses received	Residents?	<b>Public consultation – 6 responses received.</b> Responses were mixed. Whilst two respondents were supportive of an increase in the tariff, due to the cost-of-living crisis and the rise in costs for the trade in respect of fuel and vehicle maintenance, whilst also understanding the need for continued service provision. Some respondents wanted the tariff to remain as it is currently, due to the cost of living, stating that costs shouldn't be pushed onto the public.
Voluntary & community sector?	<b>Public consultation</b> -No responses received	Partners?	<b>Police Consulted</b> – No responses received
Other stakeholders?	<b>Licensed Taxi/Private Hire Trade consulted – 13 responses</b> received requesting that fares be raised due to increased living costs and an increase in the costs associated with the licensing of drivers, vehicles and operators Costs associated with the		

maintenance of vehicles has also increased. One driver has responded to say that when business is slow, they take home less than the minimum wage.

## Overall Conclusion & Future Activity

Explain the <b>overall findings</b> of the assessment and <b>reasons for outcome (please choose one)</b> :		
1. No inequality, inclusion issues or opportunities to further improve have been identified		
Negative / unequal impact, barriers to inclusion or improvement opportunities identified	2a. Adjustments made	
	2b. Continue as planned	The taxi tariff review has potential for both positive and negative equality impacts. Ensuring fair evidenced based decisions and meaningful consultations will help mitigate adverse effects, particularly for low income and disabled passengers, whilst ensuring an accessible taxi provision remains viable (covering higher vehicle and maintenance costs) which in turn will maintain availability of safe, transport access for all.
	2c. Stop and remove	

Detail the <b>actions that are needed</b> as a result of this assessment and how they will help to <b>remove discrimination &amp; harassment, promote equal opportunities</b> and / or <b>encourage good relations</b> :				
Action	Will this help to remove, promote and / or encourage?	Responsible officer	Deadline	How will this be embedded as business as usual?

Taxi Unmet Demand survey to be carried out every three years	To assess the demand surrounding each taxi rank and to determine whether there is a need for additional licensed taxis (hackney carriages) to promote equal opportunities.	Julie Dwan	September 2026	
Annual Taxi Tariff Review	To ensure that taxi fares remain fair, transparent and proportionate for both passengers and drivers, whilst supporting the ongoing sustainability, safety and quality of the local taxi service	Julie Dwan	October 2026
