

Evidence note for Cycling Groups/invited representatives to E&E Select Committee 24 February 2026

Organisation and presenter name:

Commentary on progress made against objective. Current status (one short paragraph), RAG and factual information about delivery concerns, areas of particular concern/investment need:

Table 12.1 — Cycle Strategy Implementation Plan

Objective	Impact / outcome	RAG Score (Red, Amber, Green)	Areas of Concern/Investment Need
Create an implementation plan for cycle network improvements and maintenance (including signage and wayfinding).	A world-class cycling infrastructure for Stevenage that is connected, convivial and safe to use and, together with behaviour change interventions, will lead to cycling around Stevenage becoming irresistible.		
Increase the provision of secure and accessible cycle parking across the town, including e-bike charging points	Address the concerns many people have about safe storage of bikes and make cycles more visible around Stevenage, acting as a 'nudge'		

	to encourage others to cycle. Provision of cycle storage in the town centre will help to reinforce the lifting of the cycle ban in that area.
