**3 GENERAL FUND AND COUNCIL TAX SETTING 2026/27 AND CAPITAL STRATEGY**

Councillor Richard Henry, Leader of the Council, introduced the proposed 2026/2027 General Fund Budget and Capital Strategy 2025/26 – 2029/30, together with final proposals for the 2026/27 Council Tax. In his introduction, Councillor Henry was pleased to announce that for 2026/27, the Council would be setting another balanced budget and was able to put additional money aside for the future thanks, in part, to the Government's changes to how Local Authorities were funded through the Fair Funding Review.

The Leader then shared several highlights, achievements and initiatives which had been delivered including:

- The launch of Claxton House, in partnership with Mace, formerly known as Swingate House which would deliver 261 new homes and a ground floor commercial unit;
- Joint working with North Hertfordshire college to provide a construction training facility in the old indoor market building;
- The Station Gateway major regeneration project which would provide a new front door to Stevenage through the provision of new amenities including high-quality housing and workspaces, improved transport, green infrastructure, and local amenities;
- A new £45 million, state-of-the-art Sport and Leisure Hub featuring a 25-metre pool, studios, gym, watersplash facility and café;
- the biggest change for the Council and other councils in Hertfordshire was Local Government Reorganisation (LGR), a major plan to replace Hertfordshire's current two-tier system of 11 councils with single tier unitary authorities.

Councillor Jeannette Thomas, Deputy Leader of the Council and Portfolio Holder for Resources and Performance then moved the motion, including the recommendations regarding the General Fund Budget 2026/27 and Capital Strategy 2025/26 – 2029/30 and the formal Council Tax Resolution, which had been circulated to Members. She advised that she was proud to be presenting a balanced budget for next year with no cuts to services.

Councillor Thomas then highlighted the following points:

- The latest Residents Survey showed a marked improvement in satisfaction with how the council was run, rising from 62% in 2021 to 68%—which was 12 percentage points above the most recent Local Government Association (LGA) benchmark;
- The Council had strengthened its green credentials by planting 4,500 new trees, with the newly created woodland areas supporting the Climate Change initiative. Further improvements were planned across the town, including increased investment in hedgerow pruning to enhance the visual quality of neighbourhood environments;
- A new, separate, weekly food waste collection service would shortly be launched across Stevenage. Flats that currently had shared communal bins for refuse and recycling would receive a shared wheely bin for food waste and

- all flats would receive an individual kitchen caddy;
- The Council launched its apprenticeship opportunities through the Stevenage Even Better Futures programme, designed for school leavers, those seeking a career change, and residents of all ages. Over 200 residents had applied for a career development opportunity.
- Residents would be supported through additional discretionary housing payments and support for those struggling to pay their council tax short term;
- This year's budget had given the opportunity to make improvements to the Gordon Craig Theatre – Lighting and carpeting;
- An increase to the financial support councillors could give through Local Community Budgets. Ward councillors could award a small amount of money to groups and charities to help local celebrations for the town's 80<sup>th</sup> Anniversary. Alongside this, £50,000 had been allocated to mark this special occasion of the 80<sup>th</sup> Anniversary with residents;
- Council tax would be increased by 2.99% which for Band D properties the increase would be just 14p extra a week or £7.37 a year and for those on maximum council tax support just 1p extra per week for all 120 council services. However, for those living on their own it would be £3.66 per week and for residents that needed support to pay their council tax bill, the Council Tax Support Scheme would mean residents on full benefit would pay 8.5% of their council tax bill. An Exceptional Hardship Scheme was also in place for those facing financial difficulty in paying their council tax and for pensioners on maximum benefit, the cost would be zero.

The Deputy Leader concluded thanked her fellow Cabinet Members, all of the Committees and Chairs and the cross party Council Financial Services Group for their hard work in helping to develop the capital and revenue budget for next year.

Councillor Henry then formally seconded the recommendations from the Cabinet on the General Fund and Capital Budgets, together with the formal Council Tax resolution, as set out at Appendix H to the report.

Councillor Mason Humberstone moved and Councillor Rob Henry seconded the following amendment:

'This Council notes that:

1. The Labour Administration's proposed 2026/27 budget includes an increase in Council Tax at a time when many Stevenage residents continue to face significant financial pressures;
2. The Council has discretion within its General Fund to reprioritise expenditure and make operational savings.

This Council therefore resolves to amend the 2026/27 Budget as follows:

#### 1. Council Tax

That the proposed Council Tax increase for 2026/27 be removed and replaced with a Council Tax Freeze, at a cost of: £212,815 in 2026/27.

## 2. Funding of the Freeze

That this cost be fully funded through the following savings:

1. Deletion of Climate Change Team post(s) - saving £101,240.
2. Reversion from HVO fuel to diesel for Council fleet operations – saving £132,000

Total Savings: £233,240  
Cost of Freeze: £212,815

## 3. Future Years

That in future financial years the cost of the Council Tax Freeze be met through:

1. Ongoing savings achieved through the redistribution and reprioritisation of funding set out; and
2. Where necessary, support from General Fund balances, which are projected to remain above the Council's minimum recommended reserve levels.'

In moving the amendment, Councillor Humberstone advised that the amendment proposed a freeze to Council Tax reflecting the views of residents who were already facing financial pressures. He commented that household bills continued to rise while incomes did not, and therefore the Council should also seek to make efficiencies. He added that a Council Tax freeze for the year would send a clear message to residents, and confirmed that the amendment was fully costed and affordable.

In seconding the amendment, Councillor Rob Henry acknowledged the significant work undertaken by both Officers and Members in preparing the Budget. However, he advised that he had not seen any evidence setting out the impact that a Council Tax freeze would have on the delivery of Council services.

Members made the following comments:

- It was argued that a Council Tax freeze would place the Council in a difficult financial position in future years, and that increasing Council Tax was the more financially prudent option.
- It was stated that climate change remained a significant issue, and that it would not be responsible or reasonable to reduce the Climate Change Team or scale back climate-related commitments in order to enable a Council Tax freeze.
- Members noted that although the Council collected a substantial amount of Council Tax, only a small proportion of the total was retained by Stevenage Borough Council.
- It was acknowledged that, although tough choices were being made by all, the expectations of residents regarding the Council's role were reflected in the Council Tax collected and the services provided.
- Concern was expressed that returning to diesel vehicles would be a retrograde step, given the significant public health risks associated with emissions.

Following debate, a vote was taken on the amendment. The amendment was lost. At this juncture the Monitoring Officer provided advice regarding any issues and complaints raised by Members relating to the Code of Conduct confirming that such matters would be addressed in accordance with the prescribed procedure outside of the Council meeting.

A further debate then took place on the substantive motion including the following comments:

- The budget was described as a positive development for residents, enabling delivery of key projects including the new sports and leisure centre, the new running track at Ridlins, and the refurbishment of the Gordon Craig Theatre, alongside events marking the Town's 80th anniversary;
- The budget would support work to tackle homelessness, rough sleeping and domestic abuse;
- Councillor Andy McGuinness, Leader of the Opposition, stated that his Group had welcomed many of the initiatives undertaken by the Council over the past 12 months and he wished to congratulate the Strategic Director and Chief Financial Officer and her team for delivering another balanced budget. He commented that it was important for Members to focus on the issues that united them rather than those that divided them. While acknowledging that the cost of living crisis remained a reality for many residents, he noted that staffing levels had already been reduced and that any further reductions could impact the viability of Council services.
- Regeneration of the town would continue, including commencement of the landmark redevelopment of The Oval, while maintaining protection of frontline services;
- Concern was expressed regarding the requirement to commit funding for Local Government Reorganisation, despite the Government's view that these costs would be recoverable once unitary councils were established, as the associated financial projections remained uncertain;
- It was noted that the increase in Council Tax came at a time when many residents were already experiencing financial pressures due to rising household bills and the ongoing cost-of-living concerns.

A recorded vote\* was then taken on the motion, and it was **RESOLVED**:

1. That the following be approved:

The Council considered a report advising of decision(s) taken by the Cabinet in accordance with the Special Urgency provisions of the Local Authorities (Executive Arrangements) (Access to Information) (England) Regulations 2012.

The Chief Executive advised Council that whilst the requirement to report on this was a procedural matter, on 16 February the Leaders of those respective Councils were notified by the Secretary of the State that he would be withdrawing his decision to postpone local government elections on 7 May. On that basis, and as Returning Officer, the Chief Executive confirmed that the Council was fully preparing to administer the scheduled Council elections on 7 May.

A Member noted that the reference in the report to the "postponement" of elections was incorrect, as the proposal would have resulted in a cancellation rather than a postponement.

It was moved, seconded and **RESOLVED** that the report be noted.
