

Full Equality Impact Assessment APPENIDX H STAFF EQIA For a policy, project, service or other decision that is new, changing or under review

What is being assessed?			Impact of FINANCIAL SECURITY OPTIONS (2018/19) on the workforce profile				
Lead Assessor	Interim Senior HR & OD Manager			Assessment team	Jackie Foglietta Sue Vanneck		
Start date	November 2017	ber 2017 End date March 2019					
When will the EqIA be Or reviewed?			Business Unit gress through ation.				

Who may be affected by it?	Early indications from the proposals for the Budget 2018/19 are that there are likely to be posts deleted, and potentially resultant redundancies, arising from the restructuring of services through Business Unit reviews, which will affect all staff. Whilst redundancies are likely to be offset by the creation of new posts, the situation requires ongoing monitoring as the detail of Business Unit review proposals are further developed and we will continue to consider the impact on the equality profile of and diversity within the workforce throughout implementation.
What are the key aims of it?	The purpose of this EqIA is to identify any impact on the workforce profile of the proposed 2018/19 financial security options, specifically in relation to the implementation of Business Unit reviews. As it is anticipated the reviews will affect the whole workforce over time there is no specific group identified which could be particularly impacted, either positively or negatively. Business Unit reviews are designed to create the corporate capacity and working environment necessary to successfully deliver the Future Town Future Council corporate plan and will enable the Council to embed the principles of the Target Operating Model agreed through the 2016 Senior Management Review. Whilst the initial implementation of the reviews will focus on the 4 th tier management level, all staff will potentially be affected as review proposals are fully implemented throughout 2018/19. Each Business Unit review will include consideration of equality issues as relevant to the group(s) of staff affected. The Council values diversity in its workforce. We recognise that the composition, skills, understanding

and commitment of our workforce adds to our ability to deliver responsive, personalised services to our equally diverse community.
There are policies in place to support staff through periods of reorganisation, including Redundancy and Redeployment. These ensure there are clear procedures in place for staff impacted by reorganisations/restructures that are applied consistently across the Council. Each of these policies has had an EqIA.
The Council is committed to supporting all staff affected by change, in the first instance through their line managers and HR&OD as well as their Trade Union (if they are a member). In addition, support is available to staff in the form of our Employee Assistance Programme (Optum) as well as outplacement

support for any staff impacted by redundancy.

What positive measures are in place (if any) to help fulfil our legislative duties to:									
Remove	A Redundancy Policy –to ensure fair	Promote	Redeployment	Encourage	Consultation

	identifying suitable alternative								
	employment wherever possible.								

What sources of data / information are you using to	Workforce profile data (correct as at November 2017), broken down by protected characteristics including: age, gender, religion, and full time/part time working, ethnicity, disability, sexual orientation and pay grade.
inform your assessment?	Where possible and appropriate, comparisons of the workforce profile are made with the make-up of the local community (Census 2011).
	Profile data for staff potentially at risk of redundancy, (note this information will be identified as Business Unit review proposals are further developed).
	NB: Where there are less than 10 individuals per protected characteristic, the numbers will be starred out, to protect individual's personal information.

In assessing the potential	This will be a working document that will need to be reviewed at regular intervals to consider the
impact on people, are there	impact of the proposed changes as more information becomes available.
any overall comments that	
you would like to make?	

Evidence and impact assessment

Explain the potential impact and opportunities it could have for people in terms of the following characteristics, where applicable:

	Age								
Positive impact	In line with o we will aim to staff whereve to retain skill experience	o redeploy er possible	Negative impactThere is potential to lose older employees as redundancy pay increases with length of service		loyees pay	Unequal impact

CO	has a lower representation in the age ranges 16-24 and "65 and over" when compared with th community, (although it should be noted that the local community "under 25" figure covers the 24.						
	Comparisons for 16-25s can be misleading as many residents in this age range seek education and training as well as employment.						
att ge 12	With regards to the age range 65+, comparisons for 65 and over can be misleading as health factors attributed to age may impact on a person's ability to work. Many people may also not want to work as they get older. To provide a point of comparison, in the East of England between September and November 2013, 12.2% of people over 65 were in employment (Office for National Statistics).
